University of Connecticut  
Tenure-Track Faculty Position  

Human Dimensions of Natural Resources  
Department of Natural Resources & the Environment  

We seek applicants for a nine-month, tenure track Assistant Professor to begin Aug. 23, 2014. This position will emphasize studies of human interactions with natural environmental systems, and bridge specialties found in the department. The ideal candidate will focus on how political, cultural and governmental systems respond to threats to sustainability. The position is part of the Sustainable Water Resources initiative, a partnership between the College of Agriculture and Natural Resources and the School of Engineering. The successful applicant will enjoy an affiliate faculty appointment in the Environmental Engineering Program.

Duties include: excellence in scholarly publication; effective extramural grant solicitation; effective undergraduate and graduate teaching; and service to the Department, University, and society.

Minimum Qualifications: 1) a doctoral degree at the time of appointment in human dimensions/social science of natural resources or related discipline (Equivalent foreign degrees are acceptable); 2) demonstrated interest, experience, and/or coursework in water resources; 3) ability to perform quantitative data analyses; and 4) excellent oral and written communication skills.

Preferred Qualifications: 1) Post-doctoral experience; 2) success at obtaining competitive extramural grants; 3) college teaching experience; 4) a record of scholarly publication in human dimensions of natural resources/social science; 5) collaborative research experience; and 6) the ability to contribute through research, teaching, and/or public engagement to the diversity and excellence of the learning experience.

Salary is competitive and commensurate with the qualifications of the applicant and experience of the candidate. Screening of applications will begin November 15, 2013. The successful candidate will work at the University of Connecticut's main campus located in Storrs. For further information about the Department of Natural Resources & the Environment, please visit our website at http://www.nre.uconn.edu/.

Applicants should apply online through Husky Hire at http://www.jobs.uconn.edu; upload an application letter, curriculum vitae, teaching philosophy and research interest statements, and names with contact information of three individuals who have been asked to submit letters of reference. Letters of recommendation should be sent via e-mail to Dr. John Clausen, Human Dimensions Search Chair via john.clausen@uconn.edu - please reference search # 2014196 in the subject line.

The University of Connecticut is an EEO/AA employer. We encourage applications from underrepresented groups, including minorities, women, and people with disabilities.
